

**Research one Central American or Mexican social movement or grassroots organization.**

What is its purpose?

Why and when was it created?

Who is in charge and who are the members (i.e. women, peasants, etc)?

How does the organization get its members?

SEARCH the Internet for:

Social movements of Central America

Grassroots organizing in \_\_\_\_\_(country)

Look under specific country for social organizations

NOTE: A social movement is usually a political organization, so don't research the Salsa Dancers' Club of Nicaragua or the Malaria Research Foundation of Peru – look for SOCIAL MOVEMENTS, as discussed in class.
